

House rules

1. Everyone is staying on the boat on their own responsibility (besides the relevant laws concerning the responsibility of the skipper)
2. Stepping on/off board, swimming, jumping into the water is only allowed after the skipper approves this.
3. Before jumping into the water everyone must dip in slowly first. Anyone without a proper knowledge of swimming can only go into the water in a life vest.
4. Any valuables (camera, phone, drone, etc.) are brought on board at their owner's responsibility. In case of any damage caused to the valuables the crew of the boat can not be held responsible.
5. Any passenger who is threatening the safety of the journey or other passengers (e.g. under the influence of alcohol or any other substances, violent/antisocial behaviour) may be excluded from the journey by the captain, he may decide to abort the journey at any time at the expense of said person.

As a representative of all participants I hereby confirm that all participants had been informed about the above information during the safety briefing. I acknowledge and comply with these rules and will do everything in my power for my group to comply too. In case of need I will act as a contact person between my group and the crew of the boat (regarding stops, route, etc.)
